Oak Treatment: None, Bulk aging in glass carboy (74 months)

Bottled: 02/23/2022

Production: Only 36 bottles, 375ml

Drought conditions in the Yakima Valley necessitated the closure of the Roza Irrigation Canal for three weeks in mid spring of 2015 (May 11th – June 1st). Flowering and fruit set were severely impacted as were the subsequent growing conditions due to the restricted water availability throughout the summer. Showing a beautiful light yellow amber color, the wine has heady aromatics of candied orange peel and almond. On the palate, the wine is complex, slightly sweet yet balanced by ample acidity. This wine reflects the growing conditions with a deep aromatics and intense flavors reminiscent of zested orange peel.

Retail: \$42.00/bottle (375ml)

Wholesale: Not available for Wholesale/Distribution
